

NovaLash useful information:

- Below is some useful information we send to new customers that are inquiring about NovaLash. You can find further NovaLash info at our NovaLash website www.novalash915.com.
- We have two certified NovaLash techs. Our two techs have gone through extensive training with NovaLash and have been applying lashes for over eight years now.
- The initial (Full Set) application is \$200 (NovaLash American Volume is slightly higher) and takes about 1 1/2 - 2 hours. We do ask for a deposit on all full sets.
- In order to maintain your investment, fills (which are needed to maintain your lashes) are recommended every 2-4 weeks. As your lashes grow, fills are basically reattaching and re-securing the artificial lash on your own natural lash. If you don't, they will shed. Fills start at \$50 (NovaLash American Volume is slightly higher) and take about 45 - 60 minutes. If you wait longer than the recommended 2-4 weeks, the price may slightly increase due to the fact that more maintenance may be needed.
- There are various sizes and textures. NovaLash is the only lash company using a patented medical grade adhesive. We also carry cleansing pads, mascaras and eyeliners by NovaLash for maintaining your lashes. As always, consultations are complimentary. Please see the other side for NovaLash pricing info.

Corrective Color

Repair the effects of undesirable hair color. This is a complex process of removing or neutralizing unwanted tones or levels and balancing out color that may require more than one visit.

We cannot remove "black" hair color from your hair in one day! It is generally done in various stages and techniques over a period of time. The same applies to highlighting or achieving "platinum" color as well. Please contact a salon color specialist for a complimentary consultation.

Formal Hair Styles

Markham Salons have been recognized as one of El Paso's premiere bridal salons. Appointments are encouraged. A complimentary pre-wedding verbal consultation for the Bride, Sweet 16 or Quinceañera is recommended at least two weeks prior to the event.

NovaLash Lash Extensions are a glamorous new way to extend the length and thickness of natural eyelashes, and are a practical, convenient and beautiful alternative to the daily use of mascara. Unlike traditional false lashes, NovaLash lash extensions are the first innovation in lash lengthening that can be worn daily, without nightly removal. Because each tapered, synthetic lash is bonded to a single natural lash, the final result is of effortless glamour and difficult to detect even close up.
