NovaLash Full Set (initial application)	\$200.00
NovaLash Fills	starting \$50.00
Removal	starting \$50.00

Helpful information:

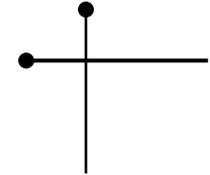

The initial (Full Set) application is \$200.00 and takes about 1 1/2 - 2 hours (we do ask for a deposit on all full sets). Fills (which are needed to maintain your lashes) are \$50.00 and take about 45 - 60 minutes.

If you would apply these extensions and left them alone with no fills, they will last about 3 to 4 weeks. This is good for a "one time event" such as a wedding or a special party. If you would follow up with fills they can last you as long as you want. Fills are recommended every 3 - 5 weeks. As your lashes grow, fills are basically reattaching and re-securing the artificial lash on your own natural lash. There are different sizes, colors and textures.

NovaLash is the only lash company using medical grade adhesive. We also carry cleansing pads, mascara and eyeliner by NovaLash for maintaining your lashes.
